

## Six Railway Shop Unions Threaten Strike Monday

### Johnson Takes Trip Today In Canada Plane

WASHINGTON (AP) — President Johnson, embarking on his first major trip of the campaign season, racks up a couple of firsts today — by touching foreign soil and by traveling in a foreign plane.

Johnson, who will be gone from Washington two days on a Western foray labeled nonpolitical by the White House, flies first to Great Falls, Mont., to be picked up by Prime Minister Lester B. Pearson of Canada.

The two men were to fly to Vancouver, British Columbia, aboard the prime minister's American-made Jetstar transport — twin to the Air Force craft frequently used by the President in his American travels.

#### First Outside U.S.

Veterans around the White House could remember no previous occasion on which an American president agreed to travel aboard an airplane of a foreign government.

Johnson's trip to Vancouver marks his first venture outside the United States.

Johnson's meeting with Pearson was arranged ostensibly to jointly commemorate implementation of an American-Canadian treaty aimed at orderly development of the Columbia River Basin. It also provides some campaign-season exposure in a nonpolitical light.

The chief executive's trip Tuesday to politically doubtful Florida was his second in five days.

Republican National Chairman Dean Burch lost no time in labeling the "nonpolitical" journey "an improper use of taxpayers' money." He said Johnson's speech to the Machinists Union convention was "purely political and sought to gain votes" for the President.

At Miami Beach, the machinists gave Johnson a big greeting and he plugged for a stronger Social Security program which would include medical care for the elderly.

#### Speech In Seattle

Then the President flew 200 miles north and stopped off en route back to Washington at Cape Kennedy. He inspected some of the space facility and plugged for the administration's space program.

After his flight to Vancouver with Pearson, Johnson and the prime minister drive to Blaine, Wash., a border town, for the treaty ceremonies. Then they part and the President flies on to Seattle for a breakfast speech, then to Sacramento, Calif., to see Democratic Gov. Edmund G. Brown and make a speech from the steps of the state Capitol.

Aides to Johnson said possible other stops on the return flight from Sacramento to Washington would be announced in Seattle. There have been rumors of possible appearances in Denver and at the National Plowing Contest in North Dakota.

### Paris Has First Cops In Skirts

PARIS (AP) — Cops in skirts appeared on Paris streets for the first time Tuesday.

About 15 women are practicing with regular traffic policemen. If they provide they can make sense out of Paris traffic — not an easy task for anyone — they may go to work on a regular basis.

### South Carolina Senator Plans Switch To GOP

WASHINGTON (AP) — Sen. Strom Thurmond and Sen. Barry Goldwater are think-alikes in so many ways it's no wonder they're apparently going to line up together.

Thurmond, a South Carolina Democrat, reportedly will announce tonight (1) he is going to support the presidential candidacy of Republican Goldwater and (2) switch from being a Democrat to being a Republican.

Here are just a few of the great issues on which the two men look like twins: the nuclear test-ban treaty, civil rights, and the \$11.5-billion tax cut Congress passed this year. They were against all of them.

#### Both Major Generals

The last time anything like this switch happened was in 1952 when Sen. Wayne Morse, an Oregon Republican, turned his back on the presidential candidacy of Dwight D. Eisenhower, quit the Republicans, and supported Adlai E. Stevenson.

He didn't move over to the Democratic side of the Senate until 1954. But any comparison with Thurmond stops there. Morse is a liberal. Thurmond and Goldwater are two of the most conservative members of the Senate.

Thurmond, 61, and Goldwater, 55, are both major generals in the U.S. Reserves. Thurmond with the Army, Goldwater with the Air Force. Both served in World War II.

It wouldn't be the first time Thurmond abandoned the Democratic party. He did it before in 1948 over the civil rights issue and became the States Rights presidential candidate. He has been in the Senate since 1954.

He says he voted for Eisenhower in 1952 when Morse was voting for Stevenson.

#### Critical Of Klan

Thurmond and Goldwater both voted against the nuclear test-ban treaty with the Soviet Union, passed 80 to 19 by the Senate in September 1963. Both voted against the tax cut last February.

Last June both voted against the civil rights bill. Thurmond, who has been consistently against civil rights legislation, said this year's measure was unconstitutional. That was Goldwater's argument, too, about two sections of it.

Both have complained about riots and "lawlessness" in the

### Staebler Says Romney Report Is 'Showmanship'

GRAND RAPIDS (AP) — "Progress for Michigan" under his administration was Republican Gov. George Romney's Sunday punch in debate Tuesday night at the Michigan AFL-CIO convention.

"More showmanship than substance," was the retort of Congressman Neil Staebler, Romney's Democratic challenger in the debate and in the Nov. 3 election.

The convention was to hear today from James Farmer, national president of the Congress of Racial Equality (CORE).

Staebler claimed that Romney was taking credit for prosperity blossoming in Michigan from groundwork laid by previous Democratic governors and filtering down from federal programs.

#### Progress Applauded

Industrial expansion plans announced thus far in 1964 total \$988 million dollars, Romney replied. No federal edicts prompted these moves, he said, adding "this is Michigan progress, not a fallout from national prosperity."

They debated before an audience of some 1,100 convention delegates and guests reminded by state president August (Gus) Scholle to be "gentlemen and ladies...and listen with respect."

The admonition failed to quell cheers for points made by Staebler. But early boos and catcalls for Romney faded later in the program to applause in places as he pressed points of Michigan progress.

Romney cited a vast range of items in fields of economic gains, unemployment reductions, a surplus in state funds, expanded programs to combat

mental health and juvenile delinquency, expanded education facilities, a new state constitution, better old age assistance, highway safety and upgraded unemployment compensation.

#### Sticking To Ticket

A 90-minute question-and-answer period caught the fancy of debate spectators, a total of 21 questions was submitted from the floor.

"Without double talk," one asked Romney, "Do you support the Goldwater-Miller Republican national ticket?"

"I made my point clear some time ago," the governor answered. "Our Republican Party has made its decision for the current campaign. It has adopted its candidates and platform. I accept them. I will vote for none other than the Republican Party candidates."

Staebler volunteered that he supported the Democratic Party national ticket without reservation.

In answer to another question, Romney said the Republican-promoted Massachusetts ballot proposal facing Michigan voters in November, and bitterly opposed by the AFL-CIO, would strengthen the two-party system. Party members and others will be better informed when they vote, he said.

The governor reminded his audience that the AFL-CIO constitution is geared to block "straight party ticket" voting in union elections. The labor body's main opposition to the Massachusetts ballot is that it would not allow voters to cast a straight party ballot.

The ballot requires a separate vote for each office rather than a single lever pull for straight party ticket.

### Job Protection Is Basic Issue For 150,000

WASHINGTON (AP) — New strike talk threatened today to break the nation's uneasy railroad labor peace that followed last April's extraordinary White House settlement.

A different set of unions are involved this time, but the basic issue is the same — demands for job protection in an industry with drastically declining employment.

The 150,000 members of six AFL-CIO railroad shop unions reportedly are ready to walk out Monday, although a management spokesman said no formal strike notices had been served.

#### Would Halt Trains

"Unless there's some agreement, they don't expect to be at work Monday," said Edward J. Carrough, spokesman for one of the unions.

"We should be given 72 hours notice," commented chief railroad negotiator J. E. Wolfe in Boston. "I have not been told that they have set a strike date."

Other railroad sources said there was no question that a strike by shopmen who maintain railroad equipment would halt most of the nation's trains, precipitating a national emergency like the one that caused President Johnson to step in last spring.

Carrough, organization director of the Sheet Metal Workers' International Association, said all six shop unions had "agreed to take a united stand."

#### Walkout Ban Expires

There has been no report of progress in negotiations since a presidential emergency board last month recommended certain protection for shop men who lose their jobs or are moved to lower paying jobs due to technological changes.

Sweeping changes in equipment and operations that sharply cut railroad employment have been a source of labor friction in the industry for years.

The emergency board recommended a five-year guarantee of present pay to any shop employee whose wages are reduced and five-year guarantee of 60 per cent of monthly wages for any man who loses his job.

A ban on any strike that automatically went into effect when the President appointed the emergency board expired last week.

#### April Dispute Recalled

This is similar to the situation last April when all strike-delaying measures under the Railway Labor Act had expired and Johnson asked five train operating unions to sit down voluntarily with government mediators in the White House. That dispute was settled April 22 after 13 straight days of virtually round-the-clock talks.

The six shop unions involved in the current dispute are the Sheet Metal Workers, International Brotherhood of Boiler Makers, International Association of Machinists, Brotherhood of Railway Carmen, International Brotherhood of Electrical Workers and International Brotherhood of Firemen and Oilers.

### League Program Has 2 Nominees For Governor

LANSING (AP) — Speeches by Michigan's two major candidates for governor and for the U. S. Senate will highlight the three-day annual convention of the Michigan Municipal League starting today.

An anticipated 1,200 mayors, councilmen and city and village administrators will hear Republican Gov. George Romney and his Democratic opponent, Congressman-at-large Neil Staebler, at today's luncheon.

U. S. Sen. Philip A. Hart, D-Mich., and his Republican opponent, Mrs. Elly Peterson of Charlotte, will address the closing luncheon Friday.

### Today's Chuckle

The futility of riches has been pointed out very plainly in two places: the Bible and the income tax form.

### Hunt For Dixie Votes Pressed By Goldwater

KNOXVILLE, Tenn. (AP) — Sen. Barry Goldwater pressed his hunt for Republican votes in the Deep South today, challenging President Johnson to tell the American people where he stands on Communist Cuba.

The Republican presidential nominee raised that point in a speech prepared for delivery here, in a state with a built-in political question mark.

The question: How will Tennesseeans react to the Arizona senator who has called for the sale of big portions of the giant Tennessee Valley Authority.

Goldwater has said TVA steam-operated power plants, plus the authority's fertilizer program, should be sold to states or communities, to private industry or to a special corporation. Other TVA operations, he said, should be put in the hands of federal agencies that operate similar programs elsewhere.

#### "Too Many Questions"

Goldwater's other stops today on the second of a four-day Southern campaign swing: Memphis and River Bluff, Tenn., Macon, Ga., and Montgomery, Ala.

Goldwater tied into Johnson on the Cuba question by accusing him of "blue-pencil attempts to delete political mistakes" from a speech he delivered Tuesday to the International Association of Machinists in Miami.

Goldwater said Johnson asked reporters to delete two "extremely damaging or at least dubious statements in regard to Communist Cuba" from the text of his Miami speech.

One, he said, "was that Castro has failed to spread communism in this hemisphere. That is incredible."

He said the other statement was that "Castro's Communist dictatorship in Cuba poses no threat to the United States."

"There are all too many questions piling up at the door of the White House," Goldwater said. "Questions about Viet Nam questions about Bobby Baker, questions about private gains from public office, questions about the political use of defense contracts, and now questions about the President's policy and posture regarding Cuba."

#### Crowds Along Route

"The questions should be answered," Goldwater said. "The American people deserve the truth before they cast their votes in November."

He told more than 4,000 people at the Tampa, Fla., airport Tuesday night the Democrats have only an "empty shell that was once a great party."

Goldwater drew crowds all along his opening day route. In Atlanta, where an estimated 20,000 people heard him speak in the heart of the city, thousands more lined his motorcade route, and another 10,000 turned out in a shopping center at nearby Decatur.

He hammered at the states' rights theme, and denounced what he called lawlessness in the streets.

"We are headed toward the law of the jungle," Goldwater told 12,000 people at a St. Petersburg, Fla., baseball park Tuesday night. "Unless persons and property are secure from the marauders, we have no government worthy of the name."

### Soviet Premier Warns Red China Of New Weapon

MOSCOW (AP) — Premier Khrushchev says the Soviet Union has a new secret weapon which could destroy all life on earth. His words seemed to be aimed primarily at Red China and not at the West.

Khrushchev, who did not describe the weapon, was speaking to a Japanese parliamentary delegation Tuesday. The Japanese said he mentioned the weapon during a blast at Chinese Communist leader Mao Tse-tung.

Khrushchev accused Mao of wanting to take over Soviet territory. The Japanese said Khrushchev told them the Soviet Union hates war and doesn't want to use its new weapons, but "if you live among wolves, you should howl like a wolf."

Khrushchev made no mention of the West during his discussion of new weapons, the Japanese reported.

He told them that Soviet military men and scientists on Monday had showed him "new means of destruction" which the Soviet Union now possesses. He said he was amazed to learn that it could end all life.

Kenzi Fukunaga, leader of the Japanese delegation, told a news conference today that he had the impression that Khrushchev was referring to one weapon, not several.

In Washington, U.S. government experts said Khrushchev might be talking about a cobalt

bomb, which would produce huge amounts of lethal, long-lived radioactive fallout; a "death ray," possibly a highly concentrated, intense beam of light; a neutron bomb that would destroy life without damaging structures in the target area, or some major advance in chemical or germ warfare.

The Japanese said Khrushchev did not say specifically that the new Soviet weapon is nuclear, but they understood him to mean that. They said after telling them of it, he discussed the need to use nuclear energy for peaceful purposes.

### Ford Co. Faces Deadline For Strike Friday

DETROIT (AP) — The United Auto Workers Union today set a strike deadline of 10 a.m. (EST) Friday at the Ford Motor Co. in new contract bargaining.

UAW President Walter P. Reuther announced the deadline just before entering the bargaining room.

"We are prepared to join with the company in good faith to resolve the questions that are still unsettled," Reuther said.

Although Ford has offered the union virtually the same economic package the UAW accepted from Chrysler last week, Reuther said there still were questions to be settled on such matters as wage inequities, relief time for assembly-line workers, and production standards.

#### Chrysler In Trouble

The UAW leader said he had hoped to avoid the necessity of setting a strike deadline but now that one was necessary he was prepared to spend as many hours as needed at the bargaining table to reach an agreement.

Meanwhile a new strike threat loomed on the Chrysler scene.

The UAW placed Chrysler under a new strike threat Tuesday, although Reuther announced only a week ago today that "an historic labor agreement worth 54 cents an hour" had wrapped up there.

Although he failed to mention it at the time, the national economic agreement Reuther announced covered only hourly rated production and maintenance employees at Chrysler. Agreement since has been worked out regarding parts depot workers.

### Sukarno Curbs Indonesia Reds

JAKARTA, Indonesia (AP) — President Sukarno decreed new emergency measures for Indonesia Tuesday night, announcing that he would appoint administrators with sweeping powers in certain provinces.

Diplomatic observers said the edict appeared to be aimed mainly at Indonesia's Communist party. It has been challenging the government's authority by staging unauthorized strikes and boycotts against the United States.

# Dotsch Seeking Dem Nomination To State Board

James D. Dotsch, trustee of the Bay de Noc Community College and a former State Senator, is seeking the nomination to the State Board of Education at the Democratic State Convention to be held at Lansing on Saturday.

Democrats and Republicans in their state conventions will each nominate eight candidates whose names will be on the ballot in the general election to be held Nov. 3. The eight receiving the highest vote will be elected to the State Board of Education as provided for in the new Michigan constitution.

Dotsch, born in the Village of Garden in Delta County and that community's "youngest mayor in the United States" when he was 21, has successfully combined careers in business and government.

**Business Career**

Now 60 years old, his interest in education is recognized by his election to the trusteeship of the Bay de Noc Community College. First elected to the Board of Trustees of the College in 1961, he was reelected in the fall of 1963.

Bay College is among the newest educational institutions of its kind in Michigan and its enrollment has doubled in the second year of operation.

A graduate of the Garden High School, Dotsch attended Northern Michigan University and then taught school and coached basketball and baseball in the Garden and Cooks High Schools. Later he engaged in the insurance business in Garden, Sault Ste. Marie and Flint. Presently his principal occupation is real estate broker, plus an interest in several other enterprises.

His career in government began when he was 21. Elected mayor of his home village of Garden, he graduated to a seat on the Township Board and the Delta County Board of Supervisors, member of the County Relief Commission, and then in 1937 was elected State Senator. He was reelected and served through 1940. In the Michigan Senate he was Democratic floor leader in 1939-40.

The Democrats nominated him a candidate for Michigan auditor general in 1940. In 1940-41 he was a member of the State Liquor Control Commission.

Mrs. Dotsch is the former Lorna Boudreau of Garden. They have two sons, Allan, formerly in business in Escanaba, and Roland who is line coach at the University of Missouri and was head Escanaba High School football coach and later coached at Northern Michigan University.

Their daughter, Mary Jane, is a student at St. Scholastica, Duluth.

## Municipal Band Elects Officers

The Escanaba Municipal Band meeting Monday elected to the executive board W. D. "Pete" Ladouceur, president; Herbert Peterson, vice-president, and Robert Anderson, secretary.

The new board appointed Cecil Collins, band director and John DeChantal band manager and custodian. Collins was recognized for his excellent directorship in the past season.

During the season, the band played 12 regular concerts at the Karas Bandshell, two concerts at Rose Park, one concert at the Delta County Nursing Home, three concerts at the U. P. State Fair, and 5 parades, including the Ore Centennial Parade and Lake States Logging Congress.

The band also participated in the popular Venetian Nights at Escanaba Yacht Harbor. The Band recognized as one of the best in Northern Michigan and Wisconsin, has over 40 musicians from Escanaba Local 663, Federation of Musicians.

It performs at several charity functions each year through a grant from the Recording Industries Trust Fund.

## Estimate 4,000 In Delta Harbor TB Germs

Between 4,000 and 5,000 adults in Delta County are harboring tuberculosis germs in their bodies, the Michigan Tuberculosis and Respiratory Disease Association reports.

The estimate is based on one census count of 19,699 persons in the county in this age group and on recent survey results, including those from a tuberculosis skin-testing program completed this summer in Livingston County.

Very few of those infected are spreading the disease to others, the agency emphasized.

But of those thus infected, one in every 20—at some future time—will break down with the disease and will become a threat to others unless treated promptly, J. Irvin Nichols, MTRDA executive director said.

In Livingston County one of the few recent extensive adult skin-testing programs in the state showed that about one out of four of those tested harbor tubercle bacilli. In some metropolitan areas, similar tests indicate one of three in this age group are thus infected.

## Escanaba K Of C Hosts District Weekend Rites

Knights of Columbus of the Fourth Degree will hold their exemplification for the Northern District of Michigan this weekend of Sept. 19-20 in Escanaba.

More than 250 members and their wives are expected to attend and participate in the program for the class of 35 candidates, said Arthur R. Messier, general chairman. Working with Messier in making preparations are Peter Cannon, faithful navigator of the Escanaba Assembly; Donald Crawford, Alex St. Cyr, Lucian Malenowski and Irving Houle.

The weekend program will begin with registration starting on Saturday from 2 to 10 p. m. at the K of C Clubrooms, 708 Ludington St. and end with a 6:30 p. m. dinner Sunday at St. Joseph's Parish Hall.

All Sir Knights and candidates will attend Mass at 10:30 Sunday at St. Joseph's Church. This is not a regularly scheduled Mass in this parish, but the public is invited to attend. Permission for this specially scheduled Mass has been granted by His Excellency, Most Rev. Thomas L. Noa, bishop of Marquette.

The program also includes a parade on Sunday at 1 p. m. starting at the K of C Clubrooms on Ludington St., through the downtown district to the William Bonifas Auditorium, where the exemplification ceremonies will be held.

Visiting dignitaries expected to participate in the two day affair include Rt. Rev. Msgr. David Spelgatti of Ishpeming, faithful friar of the Northern Michigan District; Vincent T. O'Meara, Dearborn, past state deputy, past master, Southern District of Michigan, executive

secretary, Michigan State Council, who will speak at Sundays banquet; William G. Kelly, Mt. Pleasant, master of the Western District of Michigan; James C. Galbraith, Alpena, master, Central Michigan District; Donald E. Messier of Manistique, master, Northern Michigan District; Ted J. Hentschell of Manistique, district marshal, Northern Michigan District; and John F. LaHaie of St. Ignace, state deputy.

Participating assemblies include Manistique, Iron Mountain, Escanaba, Marquette, Ironwood, Copper Country, Menominee, Iron River, Munising and St. Ignace.

## Escanaba D.A.V. Forget-Me-Not Campaign Starts

The annual Forget-Me-Not Campaign of Escanaba Chapter 24, Disabled American Veterans will be held Sept. 17, 18 and 19 in Escanaba and Gladstone.

Robert Jensen, commander of the local chapter, said all contributions received for the flowers will be used in the Chapter's program of assistance for the war handicapped in the community.

The forget-me-nots, small blue flowers of remembrance, will be offered by volunteers. "By wearing the forget-me-not from Sept. 17-19, you will show that you haven't forgotten the sacrifices of these disabled men and women," Jensen said. The Escanaba Chapter represents all Disabled Veterans of Delta County.

# Oil Distributors File Protest At Gas Line Hearing

LANSING (AP)—A windup of State Public Service Commission hearings in the more than eight-year fight over service of natural gas to the Upper Peninsula is scheduled for Thursday with a decision expected within a month.

The early decision was anticipated after Northern Natural Gas Co., of Omaha, Neb., said it would not put in a direct case. This was seconded by Michigan Gas and Electric Co., which had allied itself with Northern in the dispute.

Michigan Consolidated Gas Co. previously had said it was willing to split the potentially profitable market for gas in the peninsula with Northern.

The commission recessed hearings until Thursday, when representatives of oil interests will be allowed to enter further protests against the piping of gas into the area.

Cross-examination of Michigan Consolidated witnesses ended after a compromise statement by Hugh Daly, executive vice president of the Michigan utility. Daly said he thought it logical that his company should supply gas to southern counties of the U. P. He added that this should not interfere with a Northern Natural proposal to run a pipeline from Minnesota across the Upper Peninsula to Marquette.

Floyd Lee, representing the Hanna Mining Co., with a processing plant at Randville, said he felt the Michigan Consolidated plan was of advantage to his company and the communities involved. The company has signed with Consolidated for 1.5 billion cubic feet of gas a year once operation starts.

Lee added that he thought this would not preclude Northern from entering the gas business in the Upper Peninsula.

John Walsh, president of Upper Peninsula Fuels Research, Inc., and president of an Escanaba oil distributing firm, Ellingsen - MacLean Oil Co., protested that introduction of natural gas would hurt the oil industry and the economy of the area.

Walsh said oil distributors have a \$20 million investment in the Upper Peninsula, paid out wages last year in excess of \$7 million and pay more than \$500,000 a year in taxes.

A lot of jobs and business will be lost if gas is allowed to compete with oil, Walsh said.

Read into the record at the

hearing were about a dozen letters from employees of the oil distributing firms complaining that they would be thrown out of work if gas was piped into the peninsula.

## Delta Red Cross Meeting Called

The annual meeting of the Delta County Chapter of the American Red Cross will be held Thursday evening, Sept. 17 at 7:30 p. m. at the Chamber of Commerce building.

There will be an election of officers and directors and a report of the activities for the fiscal year will be given. The public is invited to attend, said Don Wertz, chapter chairman.

## Loggers Shindig

Loggers are supposed to be shagbark rough fellows who grab a wildcat when they want their back scratched. They have created a great legend of go for broke in the Peninsula, of prodigious work, of removing forests from the land, of stacking wood in the pulp yards higher than the mill — and of complaining that things aren't as good as they were in the good old days.

There is no gathering of loggers in the Lake States comparable with the Logging Congress of the Timber Producers Association. It is our biggest Wood Fair, alternating between the Upper Peninsula and Wisconsin, and its changes reveal what's happening in the woods and wood yards.

Forester W. W. "Swede" Intermill of Chassell attended the recent Congress in Escanaba and said that the annual gathering serves a need of the wood industry.

"The casual public which attends the display of equipment or the Congress banquet (Keep it down to a roar!) or the parade," said Intermill "doesn't see the fair at work. Loggers from all over the Upper Peninsula attend it. They're going to buy their logging truck or loader from their local dealer, chances are, but they welcome a chance to talk with other loggers about their problems and to see what the other fellows are buying. It has a serious and useful purpose."

Like the U. P. State Fair's show window for dairying, the Logging Congress provides some benchmarks for excellence in the logging industry. It brought together some of the best chain sawyers in Michigan and Wisconsin and their skill was a reminder that the new forests may not be as impressive as the old ones, but that loggers are better than ever.

The old logging developed some champion cross-cut sawyer teams, but the old shantyboys never dreamed of anything like today's chain sawing. The first round contest at the Logging Congress saw a sawyer cut a 9 1/4 inch log of hard maple through three times in 12 seconds. The judges said that sawing time in contests elsewhere in the country might seem better, but that they knew of nothing much better than that in hard maple. The wood is tougher than a witch's toenail but the saws went through it like a hot knife in butter and before the cut had hit the ground the chain was cutting into the log again.

What such feats do to conversation when the boys knock off for a five in the woods can be imagined. What might seem good cutting on Applesauce Creek comes in for comparison with the time at the Logging Congress. This is the way that standards are set, with the champs flexing their muscles to show how it should be done, and the rest of the crew not to be outdone. Machines and men get tested.

Many old time jacks have commented upon what they later regarded as the idiotic efforts of woodsmen to outdo each other. There was a "bucking board" in every logging camp horse barn on which the teamsters tallied their loads and they raced to outdo each other and win the Stetson hat or Malone pants or whatever the prize was for the winter's haul. There's never been "incentive pay" as potent as the bucking board in the logging camps, with pride taking the place of bonuses.

The logging camps are gone, but the loggers remain. They haven't changed basically, the Logging Congress indicates. They still take a delight in cutting the biggest tree in the shortest time and hauling it away to the mill in a half-twinkling. And they still take great chances doing it and as a result their work rates with steeple climbing for hazard. (It costs \$22 per \$100 of payroll to buy workmen's compensation insurance.)

Woods accidents have been reduced by good safety work by the insurance companies and cooperation of the jacks, but they're still stump-jumping daredevils and the Logging Congress chainsaw contest revealed it impressively. It had the deadly expectancy of an Indianapolis race, with the big crowd wondering when there'd be a leg lying under the sawbuck with the maple cuts. Actually there were no accidents, but it wasn't for lack of trying.

## The Doctor Says: Follow Accepted Remedies

By Dr. Wayne G. Brandstadt

Since about 12 million persons in this country have some form of arthritis, with about 700 new recruits swelling the ranks each day, it is not surprising that many questions about this disease come my way.

Arthritis is often a severely painful and crippling disease, but it is disheartening to note that so many of its victims fall an easy prey to quackery. Sometimes this is due to impatience with the slow results or incomplete relief afforded by accepted remedies. Sometimes it is due to plain foolishness.

It has been estimated by the Arthritis and Rheumatism Foundation that the money spent each year for useless remedies is far greater than the amount donated for scientific research into the cause and cure of this group of diseases.

One worthless remedy that has quite a vogue is sea water. Although claims are made that sea water supplies a great variety of minerals, arthritis has never been shown to be due to a deficiency of any of these chemicals. In fact, the only mineral deficiencies known to man are the iodine deficiency that causes a type of goiter and the iron deficiency that causes a type of anemia.

Meanwhile, those persons who take too much concentrated sea water often become waterlogged, especially if they also have a heart or kidney disease.

Another hoax is the recommending of alfalfa tablets. Although alfalfa is fine for livestock, it is of no value for human beings with arthritis or any other ailment. The promoters, however, played it cool. To one-half grain of dried alfalfa in each tablet they added three grains of aspirin. Guess which ingredient does the most good for your arthritis?

So, if you have arthritis:

- Consult your doctor. He will know about new drugs and other methods of treatment that are of distinct benefit to arthritis.
- Don't buy any product that guarantees a cure. Much can be done to control the pain and the progress of arthritis but there is no true cure.
- Remember, too, that the symptoms of this disease will come and go with changes in the weather and other conditions. If they clear up in a few days after you start to take sea water, you are having a natural remission. The unpleasant surprise comes when the symptoms return and the sea water doesn't touch them.
- Finally, you should avail yourself of the fine educational materials obtainable through the Arthritis and Rheumatism Foundation, 10 Columbus Circle, New York, N. Y. 10019.

There one of the men pointed a pistol at him and took \$17. Before fleeing the men tossed him \$1.50—90 cents for the meter reading and a 60-cent tip.

## Washington Comment

By RAY CROMLEY

WASHINGTON — (NEA) — Red China's Mao Tse-tung has broadened his assault on Khrushchev with detailed charges of graft within the Soviet Union.

One Mao spokesman, in a recent attack circulated in Communist China and Southeast Asia, makes these specific accusations:

- "Leading functionaries of some (Soviet) state-owned factories... abuse their positions and amass large fortunes by using the equipment and materials of the factories to set up underground workshops for private production, selling the products illicitly and dividing the spoils..."
- "In a Leningrad plant producing military items, the leading functionaries placed their own men in all key posts... They illicitly engaged in the production of nonmilitary goods and from the sale of fountain pens alone embezzled 12 million rubles in three years..." (One ruble is worth about \$1.10 today.)
- "In a silk-weaving mill in Uzbekistan, the manager ganged up with the chief engineer, the chief accountant (and) the chief of the supply and marketing section... They purchased more than 10 tons of artificial and pure silk through various illegal channels in order to manufacture goods which did not pass through the accounts..."
- "The manager of a furniture factory in Kharkov set up an illegal knitwear workshop and carried on secret operations inside the factory. The man had several wives, several cars, several houses, 176 neckties... a hundred shirts and dozens of suits..."
- "Such people do not operate all by themselves. They invariably work hand-in-glove with functionaries in the state departments... They have their own men in the police and judicial departments who protect them and act as their agents... High-ranking officials in the state organs... shield them..."
- "The chief of the workshops affiliated with a Moscow psychoneurological dispensary and his gang set up an underground enterprise and, by bribery, obtained 58 knitting machines and a large amount of raw material. They entered into business relations with 52 factories, handicraft co-operatives and collective farms and made 3 million rubles in a few years. They bribed functionaries of the Department for Combating Theft of Socialist Property and Speculation..."
- "The manager of a machinery plant in the Russian Federation... the deputy manager of a second machinery plant and other functionaries, 43 persons in all, stole... 900 looms and sold them to factories in central Asia, Kazakhstan (and) the Caucasus... (where) leading functionaries used them for illicit production..."
- "In the Kirghiz SSR, a gang of... 40 embezzlers and grafters... gained control of two factories, organized underground production and plundered... 30 million rubles' worth of state property. This gang included the chairman of the Planning Commission of the Republic, a vice minister of commerce, seven bureau chiefs and division chiefs of the Republic's Council of Ministers, National Economic Council and State Control Commission..."
- "The chairman of a collective farm in Uzbekistan held the whole village in terror. All important posts on this farm were occupied by his in-laws and other relatives and friends. He squandered over 132,000 rubles of the collective farm for his personal needs. He had a car, two motorcycles and three wives, each with a house of her own..."

Mao's spokesman says all this is because Khrushchev has "returned to capitalism."

MOSCOW (AP) — The Kremlin has accused Red China of making huge profits from growing and smuggling dope.

Pravda, the Soviet Communist party newspaper, said the Chinese government is earning \$500 million annually from narcotics.

It claimed Red China used the profits for "anti-Soviet propaganda or to subsidize the puppets of the Peking splitters."

Pravda quoted Tsusai Sugawara, chairman of Japan's National Committee for the Struggle Against Drug Addiction, as saying China is the world's largest producer of opium poppies and that most of the drug exports are "shipped to Southeast Asia and large consignments also reach the United States."

## Ann Landers Childbirth Not Time For Dread

Dear Ann Landers: I would like to say a word to that young woman who was terrified at the prospect of having a child because she could not stand the pain.

Before I was married I was equally terrified—and I know why. My mother and my aunt used to compare agonies in my presence when I was a child. It was as if they were engaged in a contest to see who had suffered more.

A physician whom I will call Dr. G. D. changed my life. I married at the age of 32 and had my first child at 33—with no anesthetic and no pain. Dr. G. D. taught me abdominal breathing and started me on a course of exercises which enabled me to give natural birth. (I had four children in seven years.)

The women who suffer are the ones who are frightened. Most of the fright comes from having heard horrible tales from older women, who were also frightened.

I hope you will print this letter and let millions of people know that childbirth should be the most rewarding and satisfying experience in a woman's life. — VOICE OF EXPERIENCE.

Dear Voice: Dozens of women wrote in praise of natural childbirth. Your letter was one of the best and I hope it will help other women escape the bondage of fear.

Dear Ann Landers: Is it normal for people who have been married 16 years to run out of conversation? My husband never was a live wire, but at least he was alive.

I saw this coming five years ago and tried to interest him in dancing lessons, bowling, cards and new friends. He told me to please leave him alone, that he was satisfied with things as they were.

We have three active children, two teen-agers and a boy seven. They are beginning to notice their father is a stick-in-the-mud. My husband's job is strenuous and demanding and he needs his rest, but there should be more to life than work and television.

I'm afraid I'm turning into a nagger, Ann, but what can I do—accept things as they are and count my blessings?—OUT OF THINGS TO SAY

Dear Things: If three active children don't keep you sufficiently busy and stimulated, get involved in club work, politics and your church. And please get off your husband's back, Lady. You can't force new interests on people who don't want them.

If you know how many husbands suddenly become too darned lively after 40, you'd be happy to see Old Stick-In-The-Mud sitting in front of the TV set night after night. He may not be a jamboree, but at least he's at home where he belongs.

Dear Ann Landers: Who are the "experts" to whom you refer? Recently when someone asked about a free second cup of coffee in a restaurant you said you counseled with your "coffee expert" to determine how much it costs to pour a cup of coffee.

A few days later in response to a letter from a Catholic you referred to your "expert on Canon Law." The letter about the woman who was buried in expensive jewelry brought forth another such reply—this time it was your "expert" on Illinois burial laws.

No matter what the problem you always have an "expert." Are these experts for real?—CURIOUS OF T.C., MICH.

Dear Curious of T.C., Mich: They'd BETTER be for real or I'm in trouble.

I consult with authorities in a variety of fields to provide my readers with the best answer possible. When I say I have consulted with "an expert" you can be sure I did indeed check with someone specializing in that particular field.

The Bride's Guide," ANN LANDERS' new booklet, gives authoritative and complete information on how to plan a wedding. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed stamped envelope and 35c in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

# Counties Need Psychiatrist To Get State Funds

PONTIAC (AP) — Michigan's new mental health chief said matching funds would be withheld from counties which fail to appoint a psychiatrist to direct their mental health departments.

"There is no alternative to psychiatric direction," said Dr. Robert J. Kimmich, himself a psychiatrist.

He spoke at a joint meeting of community mental health services sponsored by the State Mental Health Department and the Michigan Society for Mental Health.

Some 70 representatives from six Lower Michigan counties and four in the Upper Peninsula attended the meeting.

The county officials said it would be difficult to attract psychiatrists to such positions, especially in northern Michigan.

**Agency Will Help**  
Dr. Kimmich said a psychiatrist could be appointed on a half-time basis and that the state agency would help the counties recruit qualified doctors.

"During the recruitment period we could temporarily work out a program without a psychiatrist, but you could have no medical responsibility without one," he said.

The state matches the funds appropriated by counties for approved mental health programs. Dr. Kimmich pointed out that a psychiatrist, who also is a licensed physician, would be necessary for the proper operation of local mental health clinics.

Mrs. William B. Darnton, a member of the Genesee County Mental Health board, asked: "What if in two years the counties were still without a psychiatrist?"

"Well, then, we would have to take a good look at the rule," Dr. Kimmich replied.

**Peninsula Is Problem**  
Rep. John Sobieski, D-Detroit, urged the state agency to be lenient, saying "it's hard to get

psychiatrists in the Upper Peninsula."

Dr. Kimmich, a former Californian, said that state "had trouble (in its northern section) too—but we did it. Every other state I know of has been successful in getting a psychiatrist."

Attending the meeting were representatives from Bay, Genesee, Ingham, Oakland, Monroe and Shiawassee counties in Lower Michigan and the Copper Country mental health agency, embracing Keweenaw, Houghton, Baraga and Ontonagon counties.

Dr. Kimmich said counties should charge mental patients according to their ability to pay. He made the remark when asked what counties should do in cases where patients can afford private psychiatric care.

Another speaker, Harold Webster, executive secretary of the Michigan Society for Mental Health, said last year there were 5,000 mental patients in state hospitals in the seven areas represented at the meeting.

"According to what we know," he said, "2,500 of them should never have been in state hospitals with the kind of local preventive care which the counties could provide."

LANSING (AP) — Awards for meritorious achievement on behalf of Michigan history will be awarded to one individual and three institutions at the annual meeting of the Michigan Historical Society at Flint Friday and Saturday.

The individual to be honored is William Zehnder of Frankenthum, for his leadership in preserving the ethnic heritage of the community.

Also receiving awards will be the Gratiot County Herald of Ithaca, for a series of articles on local history; the Michigan Bell Telephone Co., for sponsoring a history of Michigan in paintings; and the education department of the Henry Ford Museum and Greenfield Village for promoting interest in history among school children.

## Chevrolet Shows New Style Lines

GAYLORD (AP) — Chevrolet Division of General Motors Corp. previewed its new cars today and featured the first major styling change in the Corvair.

So-called sports models—hardtops and convertibles—make up 20 of the 45 models offered in the five Chevrolet lines.

The firm said the regular Chevrolet, long-time industry sales leader, is the most luxurious car ever offered by the line. The new Chevy is longer by three inches, wider by one and a half inches, and one inch lower than in 1964. The 119 inch wheelbase was retained, but the chassis was widened 2.2 inches in front and 3.1 inches in the rear.

The Corvair showed its first major styling change since it was introduced in the 1960 model year. The car is longer and lower with a slightly slanting front end, recessed dual headlights and downward tapered front and rear decks.

The Corvette offers disc brakes on all four wheels as standard equipment for 1965. The sports car offers an additional 350 horsepower engine.

**LOOK INTO FUTURE?**—This scene marks the opening of a new era in golf. The day worker no longer has to limit his game to weekends—he can play at night. Powerful lights, positioned so they are behind the golfer in normal

play to avoid glare, light up the fairways of the Colonial Country Club, Lynnfield, Mass. Lighting is so effective that the club was able to hold the first night-time professional tournament.

## FALSE TEETH Thar Loosen

**Need Not Embarrass**

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Further along, you'll find economical Chevy-Vans, a wide selection of walk-in vans, a bigger choice of big trucks, more job-tailored components—trucks built to fit your business and budget. And under those hoods you'll find

the best in 4- and 6-cylinder, V8 and diesel power, 18 tough truck engines in all including 4 new lower cost diesels. Here's the huskiest bunch of haulers that ever came looking for work!

Our word for all this is *workpower*. That's the stuff that makes a truck a real truck. A hard-nosed money-saver. Yes, workpower's here and Chevy's got it, in such a variety of types and sizes that picking the best truck for your job will be easier than it's ever been before. ## History Group To Honor Coon Thursday Night

Members of the Delta County Historical Society and the interested public will give first viewing to a display of historic art in the lobby of the State Office Building Thursday night. The group will meet at 7:30.

John J. Mitchell, Historical Society president, will present to Dave Coon, former Society secretary and director of the Delta County Historical Museum, a certificate of meritorious service from the Michigan Historical Society. The certificate was received by Mitchell for Coon at the U. P. Historical Conference at Ontonagon.

Friends of the Historical Society are invited to attend the Thursday night meeting and the general public is invited to view the exhibit of paintings of historical subjects brought here by the Michigan Bell Telephone Co.

There are nine paintings by the noted illustrator Robert A. Thom, each depicting some momentous incident in the history of Michigan.

The paintings will be brought to Escanaba from Mackinac Island, will be exhibited at the State Building lobby from Sept. 17 through 26th, and will be taken to Sault Ste. Marie for showing.

## Stock Split

HAMMOND, Ind.—Standard Oil Co. (Indiana) stockholders have approved an amendment to the company's Articles of Incorporation to permit a two-for-one split of the company's capital stock. The stock split will become effective Sept. 15. Certificates for the additional shares resulting from the split will be distributed on Oct. 16.

## Chartrands Will Teach English To Ethiopians

Mr. and Mrs. William Chartrand are packing at the home of his parents, Mr. and Mrs. Wilfred Chartrand, 515 S. 14th St., for two years in Ethiopia. They will serve two years in the Peace Corps in Ethiopia, teaching English in high school.

Chartrand, a native of Escanaba is a 1960 graduate of Escanaba Area High School and was graduated last June from Augsburg College, in Minneapolis. So was Mrs. Chartrand, the former Ann Tjaden, daughter of Mr. and Mrs. George Tjaden of Marinette, Wis., whom he wed on June 13.

When they decided to serve in the Peace Corps with their teaching skills, they gave their first preference of site to Africa. They were motivated toward Ethiopia in Africa by their friendship with Berhane Pedla, an Ethiopian who was a fellow student at Augsburg, and who urged them to come to Ethiopia and help his countrymen.

The Chartrands will leave by North Central airliner Thursday for Chicago and then fly to New York and on to Addis Ababa, Ethiopia.

## Tells Of Visit To Yugoslavia

Life in Yugoslavia may be dominated by Communist ideology—but its women smooth the roughness out of many situations for their menfolk.

So reported Albert J. Gasvoda of Hancock, who spoke to the Escanaba Rotary Club at the House of Ludington Tuesday noon.

Gasvoda toured seven countries in Europe—or rather visited them—but spent most

The Rotary sponsored student for 1964—Terrence Baker of England—said his farewell to the Club Tuesday. He has spent the summer here and will leave this weekend for Chicago and thence will fly East.

Robert Mosenfelder of the club's international service committee asked that persons traveling to Chicago Friday, Saturday or Sunday who have room for a passenger, contact Baker at ST6-6314.

time in Yugoslavia where he talked with several cousins and their friends. He described incidents and anecdotes of life there, including his request for taxi service and being told to "take a Yugoslav taxi"—with his guide pointing to his legs.

But the women of Yugoslavia are indeed thoughtful of their men and serve them in many ways—from a daily shave for their husbands to doing many little services for their menfolk "because they like to." In cafes and in public generally the women are quiet and respectful in the presence of their men.

Communism operates in some rather strange ways, including committees at almost every level of enterprise, he reported. When Gasvoda ordered Danish beer in Belgrade the hotel committee called upon him in the dining room to ask why and to push for his acceptance of Yugoslavian beer.

Gasvoda was introduced by Elmer Pipkorn of the club's program committee and Robert Haack, Rotary president conducted the meeting.

## MUCC Meet

Conservation Department Director Dr. Ralph A. MacMullan and Rep. Hans Rasmussen, chairman of the House Conservation Committee, are among speakers scheduled to address directors of Michigan United Conservation Clubs Sept. 26-27 at Ludington. The board will meet at the Hotel Stearns and be hosted by the Fin and Feather Club of Mason County.

BARBERSHOP HARMONY fans in the Escanaba area will welcome back one of their favorite quartets Oct. 10 when the Schmitt Brothers of Two Rivers, Wis., appear here as a feature of the annual "Harvest of Harmony" concert of the Escanaba SPEBSQSA. The Schmitts, who come from a family of 17, six girls and 11 boys, are international champions of 1951 and have appeared on more than a thousand programs in the United States and Canada. They have recorded 50 of their most popular songs in four albums. The quartet is made up of Fran Schmitt, bass, who is in the dairy business; Paul, baritone, insurance agent; Joe, tenor, and Jim, lead, in the lumber business founded by their father. Other top quartets on the program Oct. 10 will be the Hut Four of Minneapolis and the Velvetones of Madison.

## Enrollment Up In Area Schools

The number of students enrolling in the Escanaba Area Public Schools is increasing year by year and now totals 4,241—a gain of 384 in the five years since annexation of Cornell, Ford River and Wells schools and creation of the Escanaba Area district.

Luther M. Barrett, superintendent of schools, said the fourth Friday after Labor Day is considered the official (or initial) enrollment date. On this date, public schools over the entire state clarify their enrollment to the Department of Public Instruction.

Unofficial enrollments at the various buildings of the Escanaba Area Public Schools total 4,241 as of this date. This represents an increase of 93 pupils over the official enrollment at the beginning of the school year in 1963.

"The big increase has been in the high school grades 9 through 12," said Supt. Barrett. "Enrollment at the Area High School now totals 1,240,

which is 112 over the figure of one year ago."

"The enrollments in grades seven and eight at the Junior High School are up 12 pupils. There is an over-all decrease in elementary enrollments to total 31 pupils, leaving the net increase of 93," the superintendent explained.

"This growth continues the slow but steady upward trend which has been continuing for the past five years since annexation," he said.

Enrollments for the years 1959 to date: 1959 — 3,857; 1960 — 3,986; 1961 — 4,046; 1962 — 4,138; 1963 — 4,143; 1964 — (tentative) 4,241.

## Exchange Club Sponsors Sale

The Escanaba Exchange Club is sponsoring a public auction sale with proceeds to go to help furnish the John F. Kennedy School for Retarded Children and to the Delta County Dental Fund for Under-Privileged Children.

Plans for the event were made at a meeting of the Exchange Club held Tuesday night. Robert Abb and William Daniels are chairman of the auction sale project.

They said they hope there will be the same generous response as there was to the Exchange Club's successful "Rags to Riches" project of last year.

All members of the Exchange Club have been assigned areas of the city to canvass for articles to be sold. Merchants will be asked to donate from their regular lines of merchandise. Reports will inform the public as to the type and quantities that will be available for them to bid upon. From advanced information it appears that the sale will have everything from "acorns to zebras," said the sponsors.

Enough merchandise is anticipated to hold the sale on two afternoons, thus giving everyone a chance to participate in all the fun. The services of Colonel George Lockard have been secured and he has generously donated his time and efforts to conduct the auction and to supervise the proceedings. It was reported.

The Upper Peninsula Fairgrounds is the site selected, which will offer plenty of free off-the street parking and it is hoped to have a coffee bar on the premises for the convenience of the public.

Citizens of Escanaba and the surrounding area who wish to help by donating articles for the sale may do so by calling 786-4250. Exchange Club members with the aid of the Holy Name Circle Columbian Squires will pick up all articles on Sept. 26 only. On this date a fleet of trucks will be available to pick up the donated articles.

Anyone having articles they wish sold at this sale, may do so by bringing them to the sale at the Fairgrounds location and sale arrangements will be made at that time.

## Outdoor Manners Must Be Learned

By Lee Smits

A wistful note from Emil Krutis of Roseville, Mr. Krutis, who is 70, says, "I need a fishing partner."

Somehow Mr. Krutis seems to have gathered the impression that fishermen are not always sober because he asks for a sober partner.

I'd say that Mr. Krutis had better "make a friend of loneliness," discover the deep delight of fishing with nobody around. I couldn't give any advice on acquiring a fishing partner—or hunting partner—at age 70. Outdoor partners, sober or otherwise, are heaven-sent and at 70 comes awareness that many a good partner has gone over the horizon and that new ones aren't plentiful. Seems as though possible partners, in these latter years, either walk too fast or can't walk at all.

There is an enduring myth that the best way to learn a man's true character is to hunt, fish, camp with him. You do learn certain things about a man that way, but not all there is to learn.

Some of the best men to be with outdoors are no good any place else. Like Bingo, which is near enough to his real name. Bingo was a master of woodcraft, an expert angler, a very good man with rifle or shotgun, a skilled handler of hounds, bird dogs, retrievers.

In the woods, on a marsh, lake, stream, Bingo was a perfect companion. He was also a liar, a thief, a scoundrel. As a member of civilized society his character rating was zero.

Bingo had numerous kids, and he was a capable worker, so a road builder hired him after Bingo had given a solemn pledge to steal no tools. Trucks kept running out of gas. A concealed watcher observed Bingo in the dark of early morning making the rounds of the parked trucks with a rubber hose and a 10-gallon can.

The contractor confronted Bingo, reminding him more in sorrow than anger of the broken pledge.

"But," said Bingo, "you said nothing about gasoline. It was just tools I promised not to carry off."

Outdoor manners, like indoor manners, have to be learned. There are perfect gentlemen, in town, who commit horrible offenses against the outdoor code. Like a friend we'll call Fred, a successful advertising man who was full grown be-

## Frost Catching Up With Crops

fore he discovered the joys of hunting.

Fred arranged a fabulous trip for us, to a Lake Erie island in Ohio waters. The island was devoted to grape growing and the land owners barred the general public because of damage that bird shot can do to vines.

Fred knew a retired Detroit saloon keeper who lived on the island and who took a few paying guests during pheasant season. The man had his home in a 10 acre field which he let grow up to grass and weeds. When the islanders began harvesting their pheasants, birds kept pitching into this inviting patch of cover.

We arrived on the grounds the day before the season opened. Fred produced a hand trap and we took turns throwing and shooting clay pigeons. Fred's score was poor, mine was worse. Fred jeered loudly every time I missed, and he kept on ribbing me the rest of the afternoon and evening.

In the morning we hadn't gone 50 yards from the house when pheasants started flushing in fast succession. Fred shot and shot and shot, and never touched a feather. He felt sure something was wrong with his ammunition. He asked me for shells, and for two days I kept him supplied. He complained about my big Chesapeake, Si, an animal that invariably broke shot—and also stayed with a winged bird until he got it.

It was a weird kind of shooting. We never left the 10 acres. After making a round of the field we would retire to our host's living room, refreshing ourselves as we watched the pheasants come sailing in. Then, another stroll, with old Si quartering 20 yards out, flushing birds and bringing in those that were hit.

When time came to leave the island we had possession limits, although Fred had not shot a single bird. He had also opened up on cottontails, with total lack of success.

On the trip back to Detroit Fred was sullen.

He said, "Well, I suppose you'll kid the pants off me next time we're with Tom Schroeder."

I should have been insulted by the suggestion, but I wasn't, because I knew that my friend had been an underprivileged youth, so far as outdoor manners were concerned.

LANSING (AP) — Frost is catching up with unharvested Michigan crops, the State Department of Agriculture reported Tuesday.

There was little damage to economically important crops last week, however, the department's statistical reporting service said.

Some beans were frosted — with late maturing fields being hurt most. Frost killed off a few remaining fields of pickles in the bay area.

Nearly 15 per cent of the dry beans are combined, but many fields need more warm weather to even out the maturity.

And although 25 per cent of the corn is mature and safe from frost, the recent cool weather has slowed maturity.

Sugar beet prospects continue to look good and soy beans are ripening and looking good.

Soil moisture remains adequate for most of the state — with a few scattered shortages.

Fall potato harvest ranges from 50 per cent complete in the south to only 5 per cent dug in the Upper Peninsula.

Tomato harvest is at its peak in the southeast.

The harvesting of blueberries continues in the Holland area. The concord grape harvest has started—but volume picking is not expected until next week.

## State Troopers Try Out Helmets

EAST LANSING (AP)—Michigan State Police are considering adopting helmets as part of their regular uniforms — for protection both against riot violence and high speed auto crashes.

The decision will depend on how a number of troopers like the helmets after a 30-day trial period now underway.

The state bought 500 of the dark blue fibreglass helmets after Wayne State University tested their strength. Since state police are Michigan's official Civil Defense agency, the federal government paid half the cost.

## State Briefs

LYONS (AP)—American Auto Felt Corp. recent purchaser of its plant from the Village of Lyons for some \$42,000, expects to increase its present work force of about 700 persons. The firm, this community's only major employer, manufactures interior trim for the automotive industry and bases its expanded employee requirements on new contracts in hand.

SOUTH HAVEN (AP)—Sen. Frederic Hilbert, R-Wayland, is among featured speakers Oct. 19-20 at a water resources management forum being sponsored here by Western Michigan University. The program aims to provide the latest information for industrial and government representatives.

LANSING (AP)—Secretary of State James M. Hare has appointed Richard M. Cook of East Lansing as acting assistant secretary of state. Cook, chairman of the Ingham County Democratic Organization, replaces Frank J. Sierawski, who left to run for Congress in the 18th district, comprised of sections of Oakland County.

LANSING (AP)—Noting that Sept. 17 marks the 177th anniversary of the signing of the U.S. Constitution, Gov. George Romney has proclaimed Sept. 17-23 "Constitution Week." He urged "all citizens to repledge themselves to the goals outlined in the Constitution and to the great principles upon which the republic was founded."

## Washington PTA First Meeting Held Tuesday

The Washington PTA held its first regular PTA meeting, Tuesday evening with Mrs. Fred Van Effen, presiding. The teachers and officers were introduced.

A skit "What's Wrong With This PTA?" was presented. Character parts were played by Mrs. Fred Van Effen, Mrs. Russell Wendrick, Mrs. Leo Niquette and Joseph LeDuc. Mrs. Frances Krantz, sixth grade teacher, has accepted the position of PTA secretary, due to the resignation of Mrs. Niquette.

Mrs. Niquette, president of the Escanaba Area PTA Council, announced dates of two Clinics in the near future and asked for volunteers. She is asking that each unit do its share in providing her, as general chairman, with enough workers. Mrs. Van Effen spoke briefly about the Safety Patrol program being carried out in supervising the children crossing Stephenson Ave. at 2nd Ave. N. More mothers are needed to keep this program in operation.

Mrs. Naomi Woodard's first grade won room award with largest percentage of parents in attendance.

Social hour hostesses were mothers of both sixth grades. The next meeting will be held Oct. 6.

### Churches Will Pay Honor To Gideon Service

Protestant Churches in Escanaba, Gladstone, Rapid River and Bark River will honor the Gideon organization at special services Saturday and Sunday, Sept. 19 and 20. Gideon men will be given an opportunity to present the challenge of their work and in some cases will bring the message in churches of Delta County. Pastors and wives have been given special invitations to a banquet planned on Saturday evening at 6 p. m. in the Bethany Lutheran Church of Escanaba.

The Gideons serve as a non-sectarian arm of the Church. The Gideons International is made up of 18,000 Christian businessmen carrying out a broad ministry which no single denomination could undertake. The fact that they are non-denominational gives them access to almost all institutions. Gideons give freely of their time and money and enjoy the good-will of the public. Their cause is liberally supported by all protestant congregations. All monies received through the church are used entirely for the Scripture purchases.

Since 1908, the Gideons have been engaged in world-wide work of distributing Bibles and Testaments. Over 57 million copies have been placed in hotels, motels, hospitals, jails and penal institutions. Testaments have also been given to servicemen, school children, and nurses. This Bible and Testament program is now being carried on in 65 foreign countries, besides the U. S. and Canada with the wholehearted cooperation of the church. Christian men from Delta County Protestant Churches who are interested in forming a Gideon organization are asked to contact the Rev. Erland E. Carlson of Christ The King Lutheran Church at ST6-7988.

## Newcomers Plan Activities At Tuesday Meeting

Plans for a couples' potluck picnic were completed last evening at the monthly meeting of the Welcome Wagon Newcomers Club held at St. Stephen's Guild Hall. The "Bohemian supper" is scheduled for this Saturday night, Sept. 19, at 6:30, at Pine Forest Lodge. To insure a balance of foods, those interested in attending are asked to phone Mrs. Donald Tietz, chairman at 786-5032, where directions may also be obtained. All newcomers and friends are invited to participate.

Presiding over the Tuesday meeting was Mrs. Richard Rinehart, president, who welcomed the group of 54 members and guests present. The outgoing officers were thanked for their diligent term of office as well as their serving as hostesses for the dessert that evening. These included Mrs. John Partridge, chairman, and her committee of Mrs. Joe Bell, Mrs. David Setunsky, Mrs. John Carey, Mrs. Donald Vertrees and Mrs. Richard Wolfe.

Newest newcomers introduced were the Mesdames Edward Quist from Grand Rapids; Melvin Putnam, Tulsa, Okla.; William Williams, Lansing; Joseph Weatherly, Brownwood, Tex.; John Backman, Bessemer; Robert Mystrom, Dearborn; Reginald Peterson, Columbus, Ohio; Carl Fassbender, Ironwood; James Valentine, Marquette; Walter Belau, Milwaukee; Emil Auger, Chicago; James Legault Marquette; Gary Curtin, Lake Linden; Kenneth Crowe, Racine, Wis.; Oscar Nelson, Marinette; Kenneth Maycunich, Wilson; Richard Ayres, Garden City; and Raymond Reilly, Niles.

Mrs. Rinehart told of plans by Mrs. John (Amy) Moberg, Women's Page Editor of the Escanaba Daily Press, to initiate a series of biographical sketches of newcomers in town. Anyone contacted by Mrs. Moberg is urged to give full cooperation for this exciting project.

Newcomers were reminded to register to vote as soon as possible. Registration is conducted in the basement of City Hall.

Mrs. Carl Fassbender was awarded the guest prize. Bridge prizes were won by Mrs. Earl Eucke, Mrs. Frank Kaim and Mrs. Robert Dunstone. Halloween characters to be used for centerpiece decorations were made by each attending the handicraft class which was conducted by Mrs. James Mikolasek, Mrs. Rinehart's mother, and Mrs. Wayne St. Pierre. Bridge instructors were Mrs. Stanley Venne and Mrs. Louis Gregory.

NEWLY ELECTED officers of Escanaba Welcome Wagon Newcomers Club assumed their duties at the opening meeting of the new season, held last night in Guild Hall of St. Stephen's Episcopal Church. Seated, from the left, are Mrs. Bruce W. Bockes, 2nd vice president, Mrs. Richard Rinehart, president, and Mrs. Richard Pariso, 1st vice president; standing, Mrs. Ron Vogt, treasurer, Mrs. Earl Eucke, secretary, Mrs. Sam Lind, hospitality chairman, and Mrs. Henry Neubert, 3rd vice president. # Chance Two-Hits Yanks; American Race Tightens

By The Associated Press

Eight percentage points blanket the three American League pennant contenders today and it's more than a Chance happening.

A good part of the credit, of course, belongs to Dean Chance, the Los Angeles Angels' marvelous right-hander whose two-hit, 7-0 mastery of New York Tuesday night helped send the Yankees reeling into third place in the flag race.

But Minnesota's Rich Rollins, who drove in both runs in a 2-1 close call over Baltimore that prevented the Orioles from padding their lead, rates a nod. So do Smokey Burgess, a 37-year-old AL "rookie," and Marv Staehle, a first-time swinger, who lifted the Chicago White Sox back into the second spot by engineering a 3-2, 10-inning verdict over Detroit.

The White Sox's victory put them one percentage point ahead of the Yankees, who trail the Orioles by seven points and 1½ games. Chicago and Baltimore each have 14 games left, five less than New York.

Chance, the league's top winner and No. 1 Yankee killer, breezed to his 19th victory and 10th shutout.

Rollins' seventh inning double pulled the Twins into a 1-1 tie at Baltimore and his triple in the ninth broke the deadlock.

Burgess, whom the White Sox acquired from Pittsburgh Monday in an inter-league waiver deal, and Staehle, brought up Tuesday from their Indianapolis farm club, delivered key hits in their first league appearances.

Smokey's pinch hit homer off Tiger ace Dave Wickham tied the score at 2-2 in the eighth and Staehle's pinch hit single in the 10th scored J.C. Martin with the run that broke it up.

Boston rookie Ed Connolly fired a two-hitter against Kansas City and the Red Sox cracked 14 hits for an 8-0 victory in the only other game played. The Washington-Cleveland game was rained out.

Bobby Richardson's infield single in the fourth and opposing pitcher Al Downing's seventh inning single were the only hits off Chance, who lowered his major league-leading earned

run average to 1.49. He set LA season records of 253 2-3 innings pitched and 187 strikeouts Tuesday night, fanning eight.

Chance was locked in a 1-0 duel with Downing, whose seven strikeouts boosted his league-leading total to 196, until Joe Adcock triggered a six-run ninth inning explosion with his 21st home run. Before the inning was over, Willie Smith had pinch-hit a bases-loaded triple off reliever Hal Reniff and the Angels were home free.

Minnesota used six pitchers to hold the Orioles, Al Worthington getting the final out in the ninth with the tying run on third base. Rollins' ninth-inning triple off Harvey Haddix, third of four Baltimore hurlers, followed a pinch single by Frank Kostro.

Back-to-back doubles by

rookie Jay Ward and Rollins in the seventh matched the Orioles' run in the third, fashioned on a single by Jack Brandt, a sacrifice, intentional walk and Bob Johnson's RBI single.

Chicago's Martin opened the 10th with a single off Wickham, who failed in his bid for victory No. 19. Martin reached second on winning pitcher Hoyt Wilhelm's sacrifice bunt and took third on a passed ball before Staehle came through with a hit to left.

Wickham checked the White Sox on one run and three hits until Burgess homered in the eighth. The Tigers, held to two hits through six innings by Joel Horlen, scored both their runs in the seventh with the help of Don Buford's throwing error. Bill Freehan's infield hit

delivered the first run and the other crossed on an infield out. Connolly, who had lost 10 of previous 12 decisions, held the Athletics hitless until the sixth, when Bert Campaneris doubled. The young southpaw struck out 12 KC batters and walked five.

A four-run fourth inning, climaxed by Felix Mantilla's 26th homer, gave Connolly all the offensive support he needed.

## Sox Steal Page From Yankees; Pick-Ups Star

DETROIT (AP) — The New York Yankees have been known to win a few of their many pennants by acquiring players late in the season and having these players come through in the pinch.

The Chicago White Sox appeared Tuesday night to have stolen some of the Yankees' formula as two players making their first appearance in the American League played major roles in their 3-2 extra-inning victory over Detroit.

Smokey Burgess, the aging National League veteran purchased from Pittsburgh Monday, hit a pinch-hit homer off Dave Wickham in the eighth inning to tie the score at 2-2 and send the game into extra innings.

The game-winning hit was a soft single to left by rookie Marv Staehle, recently recalled from Indianapolis where he hit .300.

Wickham, looking for his 19th win of the season, kept the White Sox in hand for most of the game.

J.C. Martin opened the Chicago tenth with a single and was sacrificed to second. Detroit catcher Bill Freehan lost the first pitch to Jim Landis when the ball hit his glove and bounded away. Martin took third on the play.

Chicago Manager Al Lopez then inserted Staehle in place of Landis and he delivered with his single past a drawn-in infield.

## Callison Pokes Decisive Blow; Phils Win, 1-0

By The Associated Press

Winning ball games is getting to be a habit with Johnny Callison.

The Philadelphia Phillies' outfielder whose ninth inning homer won the All-Star game for the National League in July, delivered the decisive blow again Tuesday night.

His sixth inning single scored Richie Allen from second base with the run that gave the pennant-bound Phils a 1-0 victory over the Houston Colts.

The Phils now lead the second place St. Louis Cardinals by six games with 17 left to play.

The Cards whipped Milwaukee in both ends of a two-night doubleheader 11-6 and 3-1. Third place San Francisco beat the New York Mets 3-1 while the Chicago Cubs dimmed Cincinnati's hopes 6-1.

The Giants and Reds now trail the Phils by 7½ and 8½ games, respectively.

Los Angeles downed Pittsburgh 5-3 in the other NL game. Boston blanked Kansas city 8-0 while the Washington at Cleveland game was postponed.

Callison's game-winning single followed Allen's lead-off double in the sixth. Dennis Bennett and Jack Baldschun shared the pitching honors for the Phils by yielding only four

hits. Bennett, lifted for a pinch-hitter in sixth, gave up three of them.

Baldschun saved the game for Bennett by twice putting down Houston threats.

A five-run seventh inning gave the Cards their first game win over the Braves. Bob Gibson's four-hitter and Julian Javier's two-run homer defeated the Braves in the nightcap.

Javier's homer off rookie southpaw Wade Blasingame came with Mike Shannon on first and two out. That wiped out a 1-0 Milwaukee lead and accounted for the Cards' 17th victory in their last 22 games.

Juan Marichal pitched a four-hitter and Tom Haller homered for the winning run against the Mets to keep the Giants in contention, at least for second place money.

Larry Jackson became the first 20-game winner in the majors this season as the Cubs drubbed Cincinnati. Jackson yielded six hits, three of them in the first inning that accounted for the Reds' lone tally.

Willie Davis, Ron Fairly and Bart Shirley each got three hits to lead the Dodgers over Pittsburgh. Down 4-0, the Pirates pulled within 4-3 with two runs in the seventh before Bob Miller came in and saved the victory for Larry Miller.

## Golf Slowdown Irks Joe Dey

CLEVELAND (AP) — The National Amateur Golf Championship has a television rating about as high as a United Nations debate on low life in the Upper Volta, but you'd never know it by watching the players.

"I'm afraid they tend to think they're on television," said Joe Dey, head man of the U.S. Golf Association.

"And of course they copy what they see the pros do on TV."

Dey was sighing about the slow play of the amateurs.

When the boys got through straggling around the Canterbury course Tuesday, it took a score of 153 for the 36 holes to qualify for the title bracket.

Exactly 64 players of the field of 150 got in at 153 or better, so there was no need for a playoff in the gloom.

Two young southerners, Marvin Giles III of Lynchburg, Va., and Robert Greenwood Jr., of Cookeville, Tenn., led the way

with scores of 143, one over par.

All the name players made it. Bill Campbell had 146, Downing Gray 147, Billy Joe Patton and Dr. Ed Updegraff 148 and defender Deane Beman 149.

The 64 survivors go into match play now, with two 18 hole matches today and two Thursday. The semifinals and finals — all at 36 holes — are Friday and Saturday.

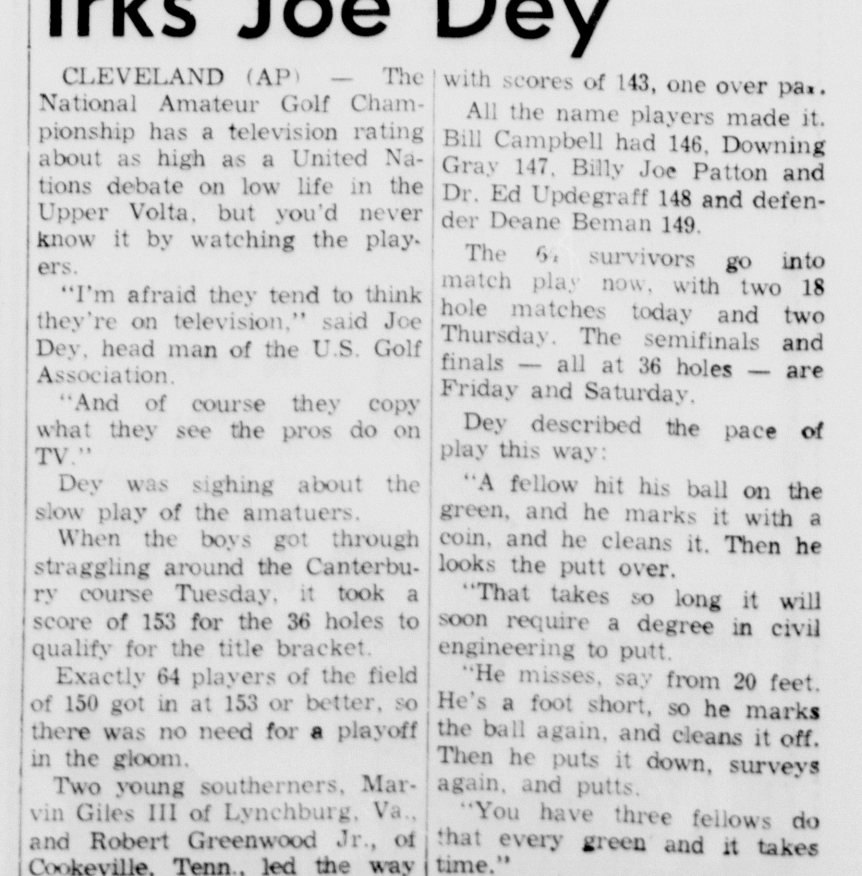

Dey described the pace of play this way:

"A fellow hit his ball on the green, and he marks it with a coin, and he cleans it. Then he looks the putt over."

"That takes so long it will soon require a degree in civil engineering to putt."

"He misses, say from 20 feet. He's a foot short, so he marks the ball again, and cleans it off. Then he puts it down, surveys again, and putts."

"You have three fellows do that every green and it takes time."

# In This Corner

with Ray Crandall

The curtain will come down on a long and successful coaching career this season when C. B. Roels of Bark River-Harris hangs up his spikes. . . The veteran mentor announced this week that he will retire after this year, his 41st in the profession.

Roels has guided prep football teams to 14 championships and 13 undefeated seasons. . . Turning in perfect grid records under Roels were teams from Benton Harbor, Escanaba, Chippewa Falls, Mountain Iron (Minn.), Pequot Lakes, Crosby-Ironton, Coggon (Iowa), Anna (Ill.) and Stockton (Ill.).

Roels coached the Escanaba Eskimos to their unblemished season in 1926 when his gridders defeated Manistique St. Joe, Gladstone, Marquette, Menominee Iron Mountain, Soo and Negaunee, allowing the opposition only eight points while scoring 245. . . In four years at the Escanaba post, Roels' teams compiled a record of 20 victories against 8 defeats and 1 tie.

Roels' best coaching record was compiled at Benton Harbor where his teams won 50 of 54 games in six years, including two conference and two state titles. . . His basketball teams have been equally successful through the years, winning 17 conference, district, regional and sectional championships and competing in four state tournament finals.

Dozens of the athletes coached by Roels in his long career have gone on to star at large and small colleges. . . Among them were Quentin Stickle and Bob Hanzlik at Michigan, Bob Fisher at Michigan State, LeRoy Stovall and Bill Buckner at Indiana, James Blanning at Yale, Jim Malosky at Minnesota (now coach at Duluth University), George Hess at Iowa State, Duane Sickles and Ben Schadler at Northwestern, Bob Garey at Duke, Dave Kragthorpe at Idaho State and Bob Pitts at Southern Illinois. . . Many others were outstanding athletes at smaller schools such as St. Olaf, Lawrence, Ripon, Carthage, LaCrosse, etc.

Here's a tip of our hat to a gentleman who has devoted his entire adult life to guiding young men in athletics and in class rooms. . . We wish him success in his final year of coaching and happiness in his years of retirement.

# It's A Miracle, Orioles Leading

BALTIMORE (AP) — If the Baltimore Orioles win the American League pennant, it will almost be anti-climatic. It's already a miracle that they still are in first place.

Manager Hank Bauer and his battling crew have survived a number of crises and somehow have managed to stay near the top of the pack.

On Aug. 23, after taking three of four from Chicago the Orioles led the White Sox by 1 1/2 games and the New York Yankees by five.

Counting the second game loss in the Aug. 23 doubleheader, Baltimore has dropped 13 of 24 decisions. But even after losing to the Minnesota Twins 2-

1 Tuesday night, the Orioles still hold a one-game advantage over Chicago and are 1 1/2 ahead of New York.

Despite a 6-5 record on a recent road trip, Baltimore increased its lead from a half-game to one full game. The margin held again as the Orioles split a four-game weekend series with last-place Kansas City.

"How can you use 19 players and still only get one run?" Bauer asked Tuesday after Rich Rollins doubled to tie the game in the seventh and tripled to drive home the winning run in the ninth.

The Orioles made seven hits Tuesday, but left five runners stranded in scoring position.

## Melchiori's Team Blanked Twice

# Devils Down, Iron Mtn. Up; Cox Gets Keg Award

The Ironwood Red Devils, a powerhouse in Upper Peninsula football ranks last season, have plummeted to the depths this fall.

Coach Wayne Melchiori's gridders entered the current campaign with nine straight victories. In his six year coaching career at Ironwood, Melchiori had never seen his Red Devils suffer a shutout or lose a game by more than 14 points. His teams never suffered a losing season. In fact, his Ironwood grid teams had won 32 games, lost only seven

and tied one during that span. So what happens this season? Ironwood bows to Wakefield 20-0 in the season opener. In their next start the Red Devils are blanked 18-0 by Iron Mountain. They play host to Superior East Friday night in an effort to snap the scoreless string.

Coach George Gusick's Mountaineers, who had lost all eight starts last season, used the long distance run to whip the Red Devils. Chuck Porta went 43 yards in the first period and Jim Lindstrom 70 in the finale after setting up a second quarter TD with a 31 yard jaunt. The victory was Iron Mountain's first over Ironwood since 1957.

Lois Cox of Escanaba has received a pin from the Women's International Bowling Congress for her high game of 259 rolled last season. That total was the highest in the Hiawatha Association of over 800 keggers from Escanaba, Gladstone and Rock.

Wakefield's long time football domination over Houghton was extended last weekend when the Cardinals defeated the Gremlins 12-0. The victory was Wakefield's 17th straight over Houghton since 1946. Nick Jarvela and Jerry Maki scored the Cardinal touchdowns.

Bessemer, the team that will take on Wakefield in a battle of unbeaten in the Michigan-Wisconsin Conference Saturday, made it two straight victories by trimming Hancock 19-6. Jerry Corgiat, Bruce Richardson and Jim Ippolite tallied the Bessemer touchdowns.

A beagle owned by Art Lied of Escanaba placed among the leaders in the 13 inch female division of the Gogebic Range Beagle Club's 14th annual American Kennel Club licensed field trial at Ironwood.

**PESHTIGO CHAMPS**  
A forfeit by McAllister to Peshtigo, combined with an 11-1 victory for Beaver over Wallace, gave Peshtigo the Wisconsin baseball league regular season championship. The forfeit victory gave Peshtigo a final 14-2 record while Wal-

lace finished 13-3. Beaver batters rapped three Wallace pitchers for 10 hits.

Lake Linden, back in the football fold this fall after a year's layoff, upset Baraga 25-0 in a game that snapped a long Whiz Kid losing string. Lake Linden hadn't fashioned a football victory since early in the 1960 season when they edged Ontonagon 7-6. David Swetich and Roger Bourdeau scored two touchdowns apiece against the surprised Baraga Vikings.

Paul Lambert of Norway dethroned Jack Hooper of Iron Mountain as champion of the Norway Oak Crest Golf Club, winning 1 up in the finals. Hooper is also defending champion in the annual Dickinson County tournament.

The rebuilding Stamtaugh Hilltoppers scored their second triumph of the season for Coach Don McDonald (last year's Upper Peninsula coach of the year) by edging Norway 14-7. Steve Shepich gained 100 yards in 19 carries and tallied both Stamtaugh touchdowns on runs of 23 and 3 yards.

Great Lakes Conference teams have won only two games against non-conference opposition this season while suffering six setbacks and playing one tie. Soo and Newberry are the only GLC teams to notch victories against outside competition this fall.

**GAMES ARE CLOSE**  
Upper Peninsula football followers can't remember when there have been so many one-point victories as in the first two weeks of the current season. Six games have been decided by a single point thus far this year, and six others

have been determined by a single touchdown. Last season, by comparison, only one game was decided by a single point in the first two weeks of the campaign.

Dick Madigan of Munising fired 91 of a possible 100 to top a field of 44 for the Upper Peninsula trapshoot championship at the Izaak Walton range in Sault Ste. Marie. Roy Ranta of Munising topped Class A with 90, Ken Robare of Marquette paced Class B with 88, Roy Atkinson of Soo led Class C with 89 and Earl Carlson of Marquette was the best in Class D with 84.

Canadian Soo came from behind in the third period to edge St. Ignace 13-12 last weekend. St. Ignace quarterback Barry Pierson gained 139 yards in 15 carries, hit on nine of 20 passes for 76 yards and scored both of his team's touchdowns.

Joe Kiefer, recently crowned Little River Country Club and Twin City Open champion, recently turned in a scorching 69 for the new 18 hole layout at Little River. He fired a 33 going out and a 36 coming back on the par 72 course.

## Volleyball

Men's volleyball will begin this evening at 7:30 at the Escanaba Public School gym. John Valach will coach, give instructions and read the rules.

Aqueduct and Saratoga—two of the thoroughbred tracks operated by the New York Racing Association—drew 6,632,675 spectators for the 224-day season in 1964 and the fans wagered \$632,766,290. Both figures are New York records.

# Larry Jackson 20-Game Winner

CHICAGO (AP) — It isn't often that a pitcher for an eighth-place club wins 20 games.

Now comes Larry Jackson of the Chicago Cubs, who are destined to finish eighth in the National League.

Not only did Jackson, an industrious 33-year-old right-hander, notch his 20th victory Tuesday, beating Cincinnati 6-1, but he became the first in the majors to reach the coveted plateau this year. Jackson has had 10 losses this season.

Several times in his 10-year career, Jackson has flirted with 20 victories but never made it. He won 18 with St. Louis in 1960 and last year he had a 14-18 record with the Cubs.

He appeared to be a cinch to win 20 his first year with Chicago but finished the season with seven straight losses.

"I was a better pitcher last year than this season," said Jackson, who finished last year with a 2.55 earned run average compared to his 3.31 this season.

"But even a good pitcher needs luck to win 20 games," said Jackson, who credits his success to his distinct slider and his control.

"I once walked 144 men in one

season in the minors," said Jackson. This year he has yielded but 53 passes in 253 innings. "Somebody told me that whenever I throw, I should throw at something. You know, have a target."

Jackson developed his slider in 1953, one year after he scored 28 victories with Fresno in the minor leagues.

His triumph over Cincinnati was his sixth straight. Four of the six hits he yielded came in the first two innings. He limited the Reds to two hits the rest of the way and said after the second inning he was as good as he had been earlier in the season when he blanked the Reds on one hit.

# Woman Bowler Appears Here

One of the top women bowlers in the country will offer instructions, roll exhibitions and compete in matches against men and women at the grand opening of the Bowlarama lanes here Sept. 19-20.

Georgette DeRosa of Chicago, member of the AMF staff of champions, will be at the lanes Saturday and Sunday for afternoon and evening sessions which will include a display of trick shots.

The 30-year-old pin artist has won championships in Illinois all-events, Chicago singles, Florida state all-events, Ft. Lauderdale city all-events and many other tournaments. She owns a sanctioned 700 series and a 269 singleton.

# Football Briefs

**Wisconsin**—The longest drill of the season Tuesday didn't help solve Wisconsin's middle guard problems. Coach Milt Bruhn was told guard Bob Monk would miss Saturday's opener against Kansas State because of boils.

**Northwestern**—Oregon State's reputed multiple offense had Northwestern working hard on defense Tuesday in preparation for Saturday's opener. End Mike Muth and halfback Bob Tubbs definitely are out of Saturday's game.

## Gravelle Team Golf Champion

Gravelle's Gerties retained their top spot in the final standings of the Escanaba Country Club men's twilight league leading runnerup Ice Boxes by eight points.

The league playoff dinner will be held Tuesday, Sept. 22, following a best-ball event. Golfers will pick their own partners. The final pari-mutuel tournament is set for this Saturday.

Top scorers Tuesday were Ed Gravelle and Bill Eis Sr. with 36s, Elmer Swanson 38, Gary Erickson and Dick Knoll 40.

Team standings: Gravelle's Gerties 96 1/2, Ice Boxes 88 1/2, Hush Puppies 83 1/2, Big John's Boomers 82, Finishers 80, Kid-ders 80, Hashers 78, Meier's Bogeymen 77, Manhattans 76 1/2, Gump's Gizmos 75 1/2, Paper Makers 75 1/2, Pixies 63 1/2, Hirm's Hookers 63 1/2, Bonnies 56 1/2, Has Beens 56 1/2, Slashers 56, 19th Holes 51 1/2, Town & Country 39.

## Banquet Date For Softball Slated Oct. 3

The annual Escanaba Softball Association banquet for players, managers and officers of the organization will be held Saturday, Oct. 3.

Date of the banquet, at which trophies will be presented and officers elected, was set at a meeting of the board of directors at Spar's Tuesday night. Site of the dinner has not been determined as yet.

**Illinois**—Coach Pete Elliott put the Illini through a defensive workout Tuesday with stress on fundamentals. The Illini held one drill and registered for classes. Elliott might cut out two-a-day drills.

**Minnesota** — Passing drills were stressed in Tuesday's University of Minnesota workouts. Quarterback John Hankinson starred. Larry Peterson, who has been second team quarterback, missed another day of work.

**Notre Dame**—Coach Ara Parseghian divided his Notre Dame squad into three units—offense, defense and alternate. Emphasis in Tuesday's workout was on the alternate team, which is prepared to go either way.

**Michigan**—Three university of Michigan varsity members suffered minor injuries during Tuesday's workout. Halfback Jim Detwiler twisted an ankle, fullback Dave Fisher had a charley horse and halfback Forie Reid was cut over his left eye. The team continued to work on offensive plays, pointing for their season opener Sept. 25 in Ann Arbor against the Air Force Academy.

**Purdue**—Pass offense was stressed again during workouts Tuesday by the Purdue varsity, although coach Jack Mollenkopf also worked on goal line defense.

Mollenkopf says he thinks his team is improving.

## Highland Golf Race Is Close

The Highland Twilight race has settled down to a 2-team scramble as the Pel Melers chipped two points off the lead of the Free Swingers, and now trail by only three points with two weeks left to play.

The Sod Busters slipped past the Beavers and the Has Beens to take over the third pay-off spot by a scant half point. Low scorers for the night were Mel Manske with 36, Jerry Harris and Dave Friets 37, and Jim Douglas 40. Low net scorer was Cooney Nault with a 32.

Team standings: Free Swingers 157 1/2, Pel Melers 154 1/2, Sod Busters 138 1/2, Barney's Beavers 138, Has Beens 137 1/2, Smit-ty's Smackers 124, Doug's Dub-bers 120 1/2, Hackers 119, Rum Dums 108 1/2, Divot Diggers 108.

Democrats Pick Six Delegates

Forty-six Schoolcraft Democrats, meeting Saturday night in the courthouse, elected Lindsey Frenette permanent convention chairman and Gerald Vickery, permanent secretary.

Delegates elected for the state convention in Lansing are: Leonard H. Shay and Michael Sadler, Germfask, Raymond C. Olson, Mueller, Mrs. Edwin Wuehle, William Cowman and Harold Beaton of Manistique.

Alternates elected were Archie Carpenter, Lindsey Frenette, Frank M. Gierke, Harold McNamara, Edwin Carlson and Mrs. Archie Carpenter.

Leonard Shay was elected chairman of the delegation. Harold Beaton was elected representative to the state platform committee.

Members of the Democratic executive committee, who are automatically members are A. M. (Tony) Schneider, state senator, Einar Erlandson, state representative, Lloyd Gray, sheriff, Fred Lesica, county clerk, William Cowman, treasurer, Franklyn Burgess, surveyor, Edwin Carlson, drain commissioner and Harold McNamara, road commissioner.

Elected members of the executive committee are G. S. Johnson, L. C. Dean, Hazel Hugheson, Monica Kelly, Frank Gierke, Leonard Shay, Clifford Lambert and Jean Deloria.

Following the general election Nov. 3 the executive committee, by law, will be elected the county chairman, vice-chairman, secretary and treasurer.

Resolutions were adopted to instruct delegates to support candidacies of Kemp H. Brown, Munising, Dr. Edwin Novar of Flint and Dr. Leon Fill of Detroit, for state board of education; James M. Hare, secretary of state, and Frank Kelley, attorney general. Delegates were authorized to be bound to unit rule, applying the county and 11th district delegates.

Another resolution noted county delegates recognized the character and qualification of Lyndon B. Johnson and pledged full support.

Resolutions commending Philip A. Hart, senator, the petition drive to suspend the Massachusetts ballot, and supporting the Democratic slate were adopted.

Divot Diggers Golf Champs

Stupak, Dettman Endorse Hart For Senate Election

Forty-five Michigan civic leaders have joined in endorsing Senator Philip A. Hart in his bid for re-election.

The "Michigan Officials for Hart" Committee is composed of mayors, township supervisors and county officials from across the state.

Detroit's Mayor Jerome Cavanagh, spokesman for the committee, said Hart had done a "splendid job in meeting the

needs of local citizens and communities."

Upper Peninsula endorsees named are two: Frank A. Stupak, Gladstone city commissioner; and Harold L. Dettman, of St. Ignace, chairman of the Mackinac County Board of Supervisors.

## Honor Donors And Students

Scholarship recipients and donors were honored at Bay de Noc Community College Tuesday night. The Delta County Home Extension Club members were hostesses for the reception.

Students who were awarded scholarships through the college and their parents, were told by President Richard Rinehart that the benefits from such an award would continue to grow and be of value to them all their lives.

The winning of a scholarship can be far more significant than the actual financial benefit. Rinehart pointed out. It will be of value to them in employment interviews, and will be a great personal satisfaction.

Those attending the reception were told that the program dealt with a primary purpose of the college—education, and that the only reason for the college to exist is to allow students to meet with faculty for the purpose of intellectual growth leading to a better future.

Rinehart added that the scholarship donors are to be commended for their foresight in facilitating this educational process, that the students are to be congratulated for having done excellent work to warrant the scholarship, and that parents were certainly to be cited also for the encouragement and education they have given to the young people.

## Papermakers Of Lake States In Sessions Here

Local 209 of the United Papermakers and Paperworkers, AFL-CIO, is host this weekend to a Lake States leadership training school, which will be climaxed on Sunday with a joint convention with the International Brotherhood of Pulp, Sulphite & Paper Mill Workers.

The classes of the United Papermakers & Paperworkers got underway this morning in the House of Ludington, the State Office Building and the Chamber of Commerce Building. The instruction is for the financial secretaries, the treasurers, publicity officers, pension custodians and arbitration workers of the locals in Minnesota, Wisconsin and Upper Michigan.

The union has 52 locals in the three states and 10,000 members and it expected 80 delegates here today for its workshops. Among officers here for the meeting or expected soon are President Paul L. Phillips, Executive Vice President Harry Sayre, Treasurer Al E. Brown and General Vice President Robert Barger, all of the International's headquarters at Albany, N. Y.

Arthur Pinten, vice president and director of Region 10, with headquarters in Wausau, Wis., praised Escanaba's welcome to the papermakers and complimented the committee in charge, composed of President Richard Johnson, Vice President Kenneth West and Financial Secretary Raymond Long of Local 209 of Escanaba.

The Escanaba local is one of the oldest in the Lake States. Pinten said that the union has been able to maintain its membership in the Lake States despite automation which has affected pulp and paper mills as

well as other industries. Thus employment in the pulp and paper industry in the region reflects an expansion of the industry, as it has been able to reduce employment without reducing volume.

"There has been some expansion in Wisconsin and Minnesota and talk of expansion in the Upper Peninsula. We are proud of our record of service in the Lake States. We have gone many years without strikes in the Upper Peninsula."

The Upper Peninsula locals of the United Papermakers and Paperworkers are in its paper mill communities: Manistique, Escanaba, Munising, Menominee and Ontonagon.

The papermakers banquet session is planned Thursday night at the House of Ludington with International President Phillips as the speaker.

On Saturday the Tri-State Council of the International Brotherhood of Pulp, Sulphite and Paper Mill Workers will convene in Escanaba and on Sunday evening the two unions will join in a banquet session at Marco's with an attendance of 125 expected.

## UPCAP Meeting Here On Friday

Present conditions and future plans for the U. P. economy will be explained and discussed by the area's economic development experts in Escanaba on Friday.

A noon luncheon meeting will be held at Marco's in conjunction with the fall quarterly meetings of UPCAP (Upper Peninsula Committee for Area Progress).

Dr. Elbert V. Bowden, of Escanaba, executive director of UPCAP, is planning the program, which will also include William F. Wilson of Marquette, executive manager of

## Iowan Succeeds Fahnlander As C&NW Agent

Elmer Peterson, agent of the Chicago & North Western Railway at Sioux City, Iowa, has succeeded R. J. Fahnlander as agent in Escanaba and is at his new duties, with office in the C&NW freight building on 1st Ave. N.

Fahnlander left Sunday for new assignment at Huron, S. D. He had been in Escanaba three years.

Peterson, a native of Mason City, Ia., had been with the North Western for 15 years. He and his wife, the former Barbara Brown of Nebraska, have three children, James, 10, Lou, 8, and Lee, 4. The family will join Peterson here later.

## Optometrists In U. P. Meeting

Dr. William Hemes will be in Lansing on Wednesday and Thursday for a meeting of the Michigan Optometric Association Board of Directors.

This weekend the Upper Peninsula Optometric Society will meet at the Terrace Gardens. Speakers will be Dr. Robert Britton of Charlotte, president of the Michigan Optometric Association, Michael LePere, executive secretary of Lansing and Dr. Boyd Banwell of Williamston.
